ABOUT US

Our history

Aagaz is an All India Non-Profit making, Non-Government, Voluntary Organization based in Delhi, registered under the Societies Registration Act under XXI of 1860, S- 55194/2006 dated 21st March 2006. Aagaz is working for uplifting and empowerment of Women and Children. The basic aim and objective of this NGO is to work towards creating an educated, informed as well as healthy environment for women and the new generation, spreading the basic knowledge of all kinds of rights so that they could live a better life. Hence the motto is, "We Care For our Future Generations". This organization firmly believes that the role of women and their mental well-being, educational development and socio-economic status are the basis for shaping our future society. Thus there is dire necessity for social, economic and political empowerment of women.

Our Vission

This Organization strives to achieve its target through a three pronged strategy:-
Helping women to improve their mental make-up through psychological counselling (Pre-marital & Marital) and educate them about their fundamental rights and freedoms in a democratic society. Strive to uplift their Social Status by educating them about the significance of the Girl-Child and laws against female feticide, protection against abuses and other social evils. Keeping them aware of their fundamental rights and economic self-reliance through organizing lectures, financial guidance, legal advice, strengthening their decision making capacity, training them for entrepreneurship as individuals or as self-help groups, educational, family, career counselling for students and above all inculcating in them a sense of dignity as human being .

ABOUT US

Our Mission

The Aagaz society worked particularly for gender equality, women empowerment, street children development, social justice and educationally backward classes/caste. To provide formal and non-formal education to children by establishing various educational centers, schools and colleges as per government policy. The society will undertake work related to research training, production, marketing, workshop , seminar and development of handicraft, handloom, khadi and other village level cottage industry. To organize equivalency programmes through open learning system. To promote national goals such as secularism, national integration, population and development, women equality, protection and conservation of environment. To encourage games and sports like yoga, judo, karate, hockey, cricket, badminton, football, chess and other national and international games/ sports for the improvement for health amongst the youth and children.

OVERVIEW OF THE YEAR!

This was a rather rough year for the entire world wherein we were hit with a severe pandemic. But the waves of CoVID-19 provided us an opportunity to show how we actually care about people we are fighting for. Where everything went digital this year, Aagaz also performed a lot of events online and encouraged others to come forward and help others in this direction. Mask distribution, educating people for avoiding the worst and how to deal with the pandemic, food and necessities distribution, hosting events on various occasions, creating volunteer and internship opportunities, and organising various activities for children were the key focus of the year 2021-2022. With the current situation, volunteers faced challenges in providing education to underprivileged children. However, we still tried to reach out to families that can attend classes through mobiles. Our volunteers were on field when required and they did a commendable job.

This year our agenda was to bring into light the importance of Harmony, Peace and Equality. With our CVNB (Center for Vision of New Bharat) handle,we organized several google meets wherein people and young students from across the nation joined us. Various social workers, media personalities were involved and explained why the youth of the nation should work in the direction of bringing peace, harmony and equality in the society. The main focus was also women education. Considering it necessary, the speakers also highlighted the fact that women have struggled a lot to get this right to education and we should not let it go waste and everyone should come forward to work in this direction. After a long time we got chance when everything gets back to normal. Yes, AAGAZ NGO kick start it's physical events in this year. We did various career counseling sessions, Virtual seminars, and various talks!
